

HONORED AT HIS HOME

Reverend Reception Tendered a Grand Reception at Bloomington, Ill.

Rev. Dr. Jackson, of the Fountain-street Baptist Church, recently visited his former home at Bloomington, Ill. The leader of that city described his reception as follows:

The reception tendered to Dr. Jackson yesterday upon his return to his home at Bloomington, Ill., was certainly a triumph for that gentleman, which certainly swelled his heart with joy and that of his friends with pride. Mr. Jackson, after almost a year's absence in another field, returns to this city "as a schoolboy after a day of hard labor turns his face homeward." It was a source of true joy to Mr. Jackson Sunday morning as he stepped from the study of the Baptist church into the auditorium to see before him the immense rooms of that building thrown into one, crowded to the doors, and the entrances filled with people anxious to gain admittance.

He paused. The reception was almost more than he expected, and it was clear to be seen that he was affected. The discourse of the morning had for the subject, "Certainties and Uncertainties of Religion." The sermon was one of Mr. Jackson's characteristic efforts. It held the attention of his listeners with the old time spell and interest. Anything but a complete copy of the address would do discredit to Mr. Jackson, thus no synopsis.

But the reception of the morning was outdone by the one in the evening. By 8:30 o'clock, even though the dark clouds threatened rain, people began to assemble in the church. A half hour later and the building was crowded. When the services began there was not a nook or corner that did not hold an occupant. Even under the disagreeable circumstances all remained until the last word was spoken. This audience was probably the largest that ever assembled in the church.

Preacher of the People.

Mr. Jackson is a people's preacher. This fact was never more clearly demonstrated than yesterday. The audience contained representatives of the Car, the medical profession, the newspaper craft, the laboring people, the poor, the rich, those of low degree, and those of high degree. His strength seems to reside in an ability to preach to the intellectual and the illiterate at the same time. The former learns some things new, the latter listens to it in language that is clear, simple and plain. An inherent desire to see justice done and the problems of the round world solved to the good of mankind underlines many of his words. Mr. Jackson wants the laboring man to have justice and the capitalist, too. This principle he advocates and preaches. People believe him, have confidence in him. Therein lies his power. He is abreast with the times and his friends see in him one of the greatest preachers of the land. Mr. Jackson will remain in the city until Wednesday morning when he returns to his home in Grand Rapids. He is besieged with invitations and callers but finds it almost impossible to answer them all. He likes his work in the northern city and finds much pleasure in it because of its wider bounds, but he loves Bloomington and her people as he can love no other.

Mrs. Flynn Wants it Back.

Notice of appeal in the case of the people against Elizabeth Flynn has been filed in the office of the county clerk. The case was tried in Justice Hydon's court before a jury and she was convicted of assault upon Mary Scott, committed at a party last January, in the eastern part of the city. She was fined \$5 and costs, amounting to \$20. She doesn't propose to have it that way and asks the circuit court to be a little more lenient with her.

Wheat Vacillating in Price.

The wheat market continues to be watering. Tuesday and yesterday wheat was selling for \$1.10 a bushel. Today it will take a drop to \$1.07. Corn has been advanced to 76 cents and corn meal to \$30 a ton. Feed has a rising tendency. Feed was raised \$2 a ton yesterday, No. 1 to \$31 and No. 2 to \$30.50 a ton. Middlings have been raised 50 cents a ton and flour 10 cents a hundred. Flour is now worth \$2.80 and \$3.20.

Judge Adsit held court at Grand Haven, Wednesday, for Judge Arnold, who was called to Washington on business, and among other court business that he disposed of was the granting of a decree for divorce.

Yates' Case in the Circuit.

BISHOP SUEB AGAIN.

There is No Rest Nor Peace for a Man Once a Sheriff.

Walter A. Dorland has commenced suit against Loomis K. Bishop in the circuit court to recover the amount of goods sold by the defendant by virtue of an execution while he was sheriff of the county. The complaint states that one Thomas H. O'Brien was agent for the National Protective and Loan Association with an office in this city fully equipped with the necessary furniture for the transaction of business. O'Brien gave a mortgage on this property to Mr. Dorland, which was valued at \$300. Subsequently a judgment was rendered against O'Brien and an execution issued which was delivered to Sheriff Bishop. The furniture was levied upon and sold. The complaint charges that O'Brien was entitled to \$250 exemptions, but no part of the proceeds of the sale was returned and suit is brought to recover.

The old reliable second hand furniture dealer, G. W. Smith, is located at 205 South Division-st instead of 203. He will be pleased to meet all his old customers and as many new as will favor him with patronage.

We have set Hot Air Furnaces for forty years. We always take the best. We let people judge of our work wherever our Furnaces are set, as we have got to find the first objection to any one of our Furnaces, because in the first place we always put in a size large enough to heat the building and our workmanship will then show without any blowing which we despise. The Furnace may be ever so good and yet be a failure in heating effectually and economically if still is not shown throughout. We can assure parties in this city who are using 8 to 12 tons of coal right here to ours which are using only 6 tons for 8 and 10 room houses and heat successfully up to 20 degrees. Ventilation has been our study for 40 years, in setting Furnaces. Over 200 of our Furnaces set in Milwaukee last year and every one gives perfect satisfaction. We have been setting our Furnaces in this city for five years. We can save you one-third in fuel and at less cost in Furnaces. Our fire pots are composed of cast iron rings made perfectly tight, and we have never known one of our fire pots to give out. We have never had occasion to remove one of our Furnaces for any cause whatever. Come and see us and our Furnaces.

TERRIBLE BACKACHE CURED

I had a terrible steady backache for four years without any let up at all; sometimes I could hardly straighten up. Could not ride in a wagon on account of the greater jar of the wagon, and have walked rather than ride. I have now been under the treatment of DR. S. CLAY TODD, 16 North Division-st., Wenham block, rooms 1, 3 and 4, Grand Rapids, Mich., ten days, and yesterday I rode 25 miles and nine miles today in a wagon without pain at all—the first time for four years. I would cheerfully recommend Dr. Todd to those who have great pain in their backs. A VERY DOWNER, October 18, 1890. Alpine, Mich.

ASTHMA 35 YEARS.

RAPIDLY RECOVERING. I had asthma 35 years very bad, sometimes had to go to bed, and the treatments I took from physicians were of no use until I employed Dr. Clay Todd, 16 North Division-st., Wenham block, rooms 1, 3 and 4, Grand Rapids, Mich. I have been taking his medicine one month, and notwithstanding my recent trip of two weeks to Canada I have continued to improve steadily, and have only had one bad spell since I began his treatment, and that was when I was in Canada. I now breathe freer, especially in the last week or ten days, and take longer walks without experiencing difficulty; in fact, I feel that my dreadful complaint is leaving me. I am 66 years of age. S. H. YEREX, Cor. Charles-st. and Wealthy-ave., Jan. 17, 1891. Grand Rapids, Mich.

For Many Years Dr. Todd Has Cured Consumption.

FORT WAYNE, IND., Sept. 17, 1879. For the benefit of those who think consumption inevitable, I will make a statement of my cure. On the 12th of last March I was taken with the lung fever, or as the doctors called it, pleuropneumonia. I was attended by one whom I had considered the most eminent physician of this city for three months and a half, during which time he employed five other physicians as counsel. For about three weeks I thought I was getting better, when an abscess began to form in my left lung, and the physicians pronounced it quick consumption. From this time I failed rapidly, and raised a pint to a quart of phlegm matter each day, and had night sweats. By the 25th of June I had got so weak that I could not lift a glass of water to my mouth, and was confined to my bed; was reduced to a skeleton except my legs and feet, which were greatly swelled. At this time my wife seeing Dr. S. Clay Todd's circular, employed him, and I am free to say I improved steadily from the time I commenced taking his medicines. In three days the swelling had gone out of my limbs, and in three weeks I was able to be up and walk out doors a little, and in ten weeks I was able to walk ten miles, and I felt as well as I ever did. Now I walk from three to four miles each day, and neither cough nor spit. I have no pain and think my lungs healed perfectly. J. H. S. A. MILLER, 222 W. Creighton-ave., Ft. Wayne, Ind.

Mr. Miller now weighs 175 pounds. Mr. Miller is over 70 years old. Mr. Miller was cured 18 years ago. This shows that consumption can be permanently cured by Dr. S. Clay Todd. People are going between here and Fort Wayne every day. Get some friend to call on Mr. Miller and learn the particulars of his cure. It was the talk of the town for months.
